

We've created this useful Pill Size Chart for you. Each product is coded C for Capsule, S for Softgel, T for Tablet, and CT for Chewable with a corresponding number. You are now able to check each product you are ordering with this easy guide, for an approximate representation of its shape and size. We hope it simplifies your selection and dismisses any concern you may have about your supplement's size.

Catalog Example:  
10mg, 30 Vcaps (C3) #HIC0022
